

**Warren Historical Society**  
Minutes of June 18, 2014

**Present:** Cindy Jones, Lois Kaufman, Rebecca Peatman, Wayne Kathan, Zelda Lavanaway, Rachel McCuin, Leon Bruno, Ellen Bruno

**Update on Barn**

Leon received clapboards from Ward Lumber. He spoke with Allison Duckworth, she was aware of what had been happening and indicated they were happy to donate the clapboards - all that we need for the project. They were brought to the barn and since that time, some have been used to finish the North side.

More person power is needed to help with the clapboard project. Members from the Valley Rotary Club have volunteered to assist as a community project. They will also assist in painting the barn.

We are still looking for an electrician to wire the barn. Ken Blair has volunteered to dig the ditch from the barn to the Town Hall Building to make the underground wiring connection.

Wayne Kathan suggested Green Mountain Coffee Roasters be approached for volunteers as a community project on phases of the restoration - painting, clapboarding, pointing windows, etc.

We need to have more exposure to the public. Cindy will contact the *Valley Reporter*.

The letter to the community for memberships and donations is needed. Lois Kaufman volunteered to review the rough draft and prepare it for distribution to Warren residents.

We are looking for exposure during the 4th of July Parade. A banner will be posted on the barn. Ellen and Leon Bruno will set up a table near Becky Peatman's home.

Respectfully submitted,

Ellen Bruno, Acting Secretary
