WARREN PLANNING COMMISSION
WARNING/PUBLIC HEARING
PUBLIC COMMENT ON CONSIDERATION OF A FLUVIAL EROSION HAZARD AREA OVERLAY DISTRICT

On July 9th, 2012, at 7:30: pm at the Warren Town Hall, 413 Main Street, lower level conference room (basement) the Warren Planning Commission will be holding a public hearing to receive public comment on a proposal to adopt a fluvial erosion hazard (FEH) overlay district.

The State of Vermont, supported by riverside communities, has begun an evaluative and educational program targeting the FEH or "Fluvial Erosion Hazard" along the State's Rivers and major tributaries.

The purpose of this hearing is to inform the public of this state funded initiative to, in very practical terms, help all valley (floodplain and fluvial area) landowners become better examples of "good upstream neighbors" through a better and more fundamental understanding of stream dynamics. At this hearing, the Commission will also inform property owners in Warren of the details of the FEH program and the potential impacts on their individual properties.

Gretchen Alexander, River Scientist with the Agency of Natural Resources and Caitrin Noel, Executive Director of Friends of the Mad River will explain stream dynamics and demonstrate the results of re-armoring and stream dredging on the Mad River.

The commission will engage attendees and encourage comments on the FEH program and how it may be implemented in Warren to support being a "good upstream neighbor."

Dated this 14th day of June 2012.

By the Warren Planning Commission:
Craig Klofach, Chair
Mike Ketchel, Vice Chair
Randy Graves
Don LaHaye
Lisa Miserendino
Jim Sanford
Dan Raddock
