Warren Main Street Improvement Project

The Warren Planning will accept public comment on following proposed project:

The Town of Warren is repaving its Main Street in 2017 and would like your feedback on the proposed improvements.

The concept is a plaza layout that subtly defines the travel way, parking and pedestrian areas with changes in paving patterns.

The goals of the project are to support economic vitality, increase safety, and provide a sense of welcome in Warren Village.

This project is 90% funded by a federal Community Development Block Grant – Disaster Recovery & 10% municipal funds.
