**Agenda:**

- 1- Call meeting to order, 7:30pm
- 2- Working Session, Town Garage Matrix
- 3- Other Business: review & approve minutes of 5/9/05

- 1- The meeting was called to order by Mr. Donaldson at 7:35pm.
- 2- The Commission approved and signed the minutes from 5/9/05.
- 3- Mr. Donaldson reminded the Commission members that the Select Board was holding their Public Hearing on the Town Plan the following night, Tuesday May 24, 2005, at 7:00 if any of them wanted to attend.
- 4- Mr. Donaldson started the work session on the Town Garage by saying he thought they needed to clearly define the problem(s) and then set forth both the minimum criteria and then add those aspects that would be good to have but were not immediately necessary. He went on to suggest that they utilize the decision making model that they used when looking at potential solutions for renovating the Municipal Building to ease space constraints. Several of the Commission members commented that they needed to have the Select Board more actively "in the loop" to assure the Commission they were going in the right direction. Initially, they felt that they could approach the problem by just bringing the facility into State compliance, or they could look at updating the facility to take it into the next twenty or thirty years.

The Commission members then spent time going through the notes of their visit to the Town Garage on March 19<sup>th</sup>, and along with the letter from John Daly of the State Environmental Office, attempted to categorize the different items as a "need" or a "want".

The meeting was adjourned at 9:37pm.

Respectfully submitted,

Ruth V. Robbins  
DRB/PC Assistant
