TOWN OF WARREN, VT  
Received for Record 9/11 2007  
at 3 o'clock PM and Received in  
Vol 1912 Page 105-106  
  
TOWN CLERK

Mr. Ketchel called the meeting to order at 7:36 pm.

The first order of business was to open the Public Hearing to take comment on the proposed addition to the Town Plan that would incorporate a long term plan for the Warren Municipal Facilities. There was no public comment and a motion was then made by Mr. Sanford to forward the proposed change to the Select Board. The motion was seconded by Mr. LaHaye, all members voted in the affirmative and the motion passed. The next step is for the Select Board to consider the proposed amendment to the Town Plan and they too will have to hold a Public Hearing to receive comment before voting to adopt the change.

The Commission reviewed the minutes from the previous meeting held on August 13<sup>th</sup>. Clarification was requested as to the status of the Brownfield's assessment at the Town Garage site, staff to follow up. Not all members received the email with Mr. Schoellkopf's comments on the Flood Hazard Regulations and staff said they would re-send. Mr. Ketchel said he would try to get the other DRB members to get their feedback regarding the zoning modifications to the PC sooner rather than later. Mr. Malboeuf said he was making headway on the district boundary descriptions and would submit what he had finished at the next meeting. The minutes were approved and signed.

The next topic was about possible requests for the 2008 Municipal Planning Grant. The application is due the end of September and past requests have been for updating the Town Plan, Zoning re-writes, study for the Town Garage, sidewalk study and the Municipal Building renovation/expansion project. Suggestions were made that included a study of Inclusionary Zoning, engineering help for the possible Town Garage relocation, other affordable housing initiatives that could be incorporated either into zoning or recommended to the Select Board, and help in creating a Town wide map of all public access trails and walking paths. Also part of the discussion was the request for further investigation into the restrictions on the Town owned property referred to as the Coates Property (aka the Austin Parcel).
