Vol 210 Page 47

TOWN CLERK

Mr. Ketchel called the meeting to order at 7:38 pm.

The PC members began the meeting by going over some last minute changes and fine tuning of the Town Meeting Day survey. Once those were done, the PC moved on to discussing their individual priority lists for revisions to the Warren Land Use and Development Regulations. Out of a list of twenty items the members narrowed down their list to a top five to focus on first for the next several months. Mr. Ketchel also noted that it had been suggested that the public might like more notice of the topics the PC was discussing and said he would put together a schedule of the five priority revisions and when the PC would have them on their agenda.

The status of the revisions to the Town Plan were discussed as the Select Board had had a public hearing and review. The SB suggested a couple changes to make the plan more up-to-date and current. Along with some suggestions from CVRPC the PC will make the suggested revisions and once again return the document to the Select Board for a final hearing in April.

A revision was suggested for the minutes of February 14th and Mr. Sanford reported on what he had found out about getting an evaluation on the Blair House and its future de-construction.

Mr. Ketchel adjourned the meeting at 8:30 pm. The next scheduled meeting of the Warren Planning commission is Monday March 14, 2010 at 7:30 pm in the Warren Municipal Building meeting room.

Respectfully Submitted,

Ruth V. Robbins
DRB/PC Assistant
